Fire Causes \$108,000 Loss In West Main Street Business Section; Buildings Gutted

WILL BRING MINE UNION OFFICIALS BEFORE U. S. COURT

Contempt Charges Made Against Union Heads At Indianapolis

CHARGE UNION HEADS HAVE VIOLATED U. S. INJUNCTION

Say Lewis and Others By Statements Have Encouraged Idleness.

Indianapolis, Dec. 4.—Headed by Acting President John L. Lewis, six general and district officials of the United Mine Workers of America, appeared at the federal building shortly before noon today and surrendered to United States Marshall Mark Stoen, who held capias for their arrest on information filed yesterday charging 84 officers of the organization with contempt of court.

The men provided bonds of \$10,000 each, which were furnished by a surety company. The hearing will be held at 10 o'clock next Tuesday morning.

The other men named in the information which was prepared by United States District Attorney L. Ert Stack and Dan Simms, special assistant attorney general in charge of the prosecution of the local federal court and proceedings will be started at once to bring them into court.

Indianapolis, Ind., Dec. 4.—Machinery of the department of justice was put in motion today to bring about appearance in federal court here at an early date of all of the 84 international and district officers of the United Mine Workers of America, against whom information charging criminal contempt of court was filed yesterday by United States District Judge A. E. Anderson.

With the appearance this morning of John L. Lewis, acting president, and other officials of the organization attached to international headquarters here to furnish bond, fixed at \$10,000 by Judge Anderson, the first steps in the case against the defendants in Indiana were completed. The capias served on these officials and returnable next Tuesday morning at 10 o'clock, when Judge Anderson will hear the first arguments in the contempt proceedings.

Officials of the union who reside in court districts outside of Indiana, it was stated by attorneys for the government, will be subjects of removal proceedings looking to their early appearance before Judge Anderson, as soon as the necessary papers can be mailed to the various districts.

Dan W. Sims, special United States district attorney in charge of the injunction proceedings in Indiana, declared yesterday the prosecutions will be pushed with all the force at the hands of the government and that the action will be taken to every officer of various organizations participating in the strike.

The general charges against the miners' heads allege that since the issuance of the injunction against encouragement of the strike or acting to limit the production of coal, every official has violated the injunction by passively consenting that the strike be continued and by maintaining an attitude toward the membership and by statements to "representatives of the Associated Press and newspapers that said membership will not go back to work but remain on strike."

The attitude of the government throughout its recital of evidence against the miners, is that by merely refraining from returning to work after the strike had been rescinded by the union leaders and the injunction had been issued, the miners are guilty of violating the court's mandate.

An important charge and one on which the government is relying to prove its case is that the officials in keeping their notice of the strike order has been rescinded, mimeographed the notice on blank paper and omitted from the copies an imprint of the official seal of the union. It is added that upon receipt of the notice, the unions throughout the country took the position that the withdrawal and cancellation notice was "defective, invalid and without authority" because it did not bear this seal and because the signatures of officials were printed and not signed by hand.

President Lewis is specially cited in one charge with refusing to notify the members that the withdrawal order was issued and communicated in good faith and that its purpose was really to conceal the strike. The charge adds that Mr. Lewis still refuses to send out such assurance.

The coal situation in Indiana as reported this morning was practically unchanged.

OPERATORS MAY OFFER MORE LIBERAL WAGE

Chicago, Dec. 4.—Preparations for conserving fuel supplies went forward today over virtually the entire country as the dwindling coal reserves caused incidental discomfort and disruption of industry.

No immediate relief through a return to work of bituminous miners who went on strike 31 days ago, was in sight, although the larger coal operators were ready today to submit a new wage scale, which it was said would contain more liberal concessions to the miners than the 14 percent increase proposed by Fuel Administrator Garfield.

MISSOURI MAY TAKE OVER ALL COAL MINES

Jefferson City, Mo., Dec. 4.—Unless the 9,000 coal miners of Missouri accept the government's 14 percent wage increase and return to work by tonight, the state will seize the mines and operate them.

That was the status of the coal situation in the state this morning, as a result of action taken by Governor Frederick D. Gardner, last night to bring about a resumption of mining.

GOVERNMENT TO DROP CONTROL OF SUGAR SALES

Washington, Dec. 4.—Abandonment of governmental attempts to control the distribution and sale of sugar was announced today by Attorney General Palmer.

After the sugar equalization board is dissolved December 31, the government will confine its efforts to prosecution of profiteering in sugar, Mr. Palmer said.

CHRISTMAS WORK IS CONSOLIDATED

Various Charity Organizations Unite To Take Christmas Cheer Into Homes of Unfortunate Newark People.

A central Christmas committee has been formed by the Elks, Rotary club, Kiwanis club, Charity Newsboys association, Salvation Army, Y. M. C. A., Catholic Community league, and the Boy Scouts. All the Christmas work will be consolidated. Several other organizations will be doubt take action within the next few days. George M. Penberg is chairman of the committee. A general headquarters will be established within the next few days and all contributions of clothing or food may be sent to this headquarters, location of which will be announced later. The postoffice will send to this central committee all letters addressed to Santa Claus. The slogan adopted by the committee is "Not an empty stocking in Newark on Christmas."

The Boy Scouts have started active work on their share of this enterprise and are collecting toys from the homes of the Newark people. Newark people have been asked to look around in the closets and attics for toys which are not used in the home. Boy Scout Headquarters, Auto. phone 1749, will send boys to collect these toys for distribution on Christmas morning to the less fortunate children of the community.

MT. GILEAD DEDICATES \$10,000 W. S. S. SHAFT

Mt. Gilead, Dec. 4.—Morrow county's feat of dedicating other counties of the state in the sale of War Savings Stamps was celebrated by thousands of citizens here today by the dedication of a \$10,000 memorial shaft, commemorating the valiant service of Morrow county men in the war. The Victory memorial shaft was awarded the county by the Ohio War Savings committee for selling the most stamps during the summer months.

Dedication addresses were made by United States Senator Warren G. Harding, William G. Sharp, former ambassador to France and Harry P. Wolfe, state director of the Ohio war savings committee.

UTILITIES BILL IS PASSED BY STATE SENATE

Designed to Prevent Increase of Public Utility Rates Without Notice.

BILL WAS PASSED BY SENATE LAST SUMMER

Both Republicans and Democrats Unite to Put Measure Across.

Columbus, Dec. 4.—The Robinson public utilities bill, to prevent telephone companies and other public utility corporations from increasing rates without first giving notice to the public and securing the approval of the public utilities commission, passed the senate today by a unanimous vote. The bill now goes back to the house where it was passed last summer, for concurrence in the senate amendments.

Governor Cox, several weeks ago urged passage of the Robinson bill and also the Republican state advisory committee. Early action on the bill was prompted by attempts of telephone companies to put into effect rate increases above those allowed, while the wires were under federal control.

The utilities commission has suspended the proposed increases in rates although the law as to the commission's authority is said to be doubtful.

If the Robinson bill becomes a law, telephone companies will have to give 60 days' notice of proposed increases in rates by publication in newspapers of the proposed rates and the date of the hearing. The bill also places upon the utility the burden of proof as to the reasonableness of the proposed rates and requires the companies to give a bond to guarantee refund to subscribers of excess rates charged above those finally determined as reasonable rates.

The house passed the Robinson bill last summer but it has been held up in the senate. The senate amended the bill today by striking out a provision which would give the city councils in charter cities instead of the public utilities control over telephone company rates.

The house today continued to debate the graduated vehicle tax law. An amendment proposed by Representative Greene of Mahoning county to permit the secretary of state instead of the county auditor to issue the license tax was voted down.

A new amendment offered provides that part of the revenues from the vehicle tax may be used on unimproved roads in the counties.

FIRE IN LAUNDRY CALLS DEPARTMENT

The West End and Central station fire departments were called to the plant of the Licking laundry in Jefferson street, this morning shortly after 10 o'clock when the revolving box in the dry room caught fire. It was a wooden receptacle encased in a galvanized sheeting. The fire was possibly caused by friction and the damage was slight.

MICHIGAN SENATOR UNDER INDICTMENT

Truman H. Newberry, the Republican who a year ago was declared winner over Henry Ford in the Michigan senatorial election by a majority of about 7,000, has been indicted by a federal grand jury in Grand Rapids charged with having attempted to secure votes by fraud.

Newberry was secretary of the navy a short time during the Roosevelt administration, and was commander of the Third naval division, U. S. A., during the late war.

VOLUNTEERS HELPED TO SAVE ADVOCATE PLANT

The Advocate is appreciative of the gallant work done by the city firemen and is especially grateful to seven volunteers who effectively and well directed work kept the flames from leaping over the fire walls from music hall to the roof of the Advocate building.

Twice during the night it seemed impossible to hold back the furious flames as they jumped over the fire wall and came within an inch or two of the Advocate roof but these men standing up on the roof in icy water and a suffocating smoke directed two heavy streams against the blaze and saved the Advocate office.

The two openings on the east side of the Advocate office are protected by wire glass windows in metal frames. The heat cracked the glass but held back the fire.

The Advocate telephone cables were burned off but the Associated Press telegraph line entering the building from the front remained intact and was ready for business this morning.

The Advocate office is equipped with an automatic sprinkler system for fire protection. Had the fire broken through the roof it would not doubt have been extinguished quickly but at the same time the contents of the office would have been ruined by water. As it is the damage done to this property is small consisting of loss to stock in the basement due to water entering from the adjoining cellars. Water in the basement made it difficult to operate the presses today and because of this fact today's issue is limited to twelve pages.

This newspaper desires to acknowledge its obligations to these volunteers who generously worked the entire night in saving the Advocate irreparable loss. Harold Brennan, Anthony Stare, Otto Reichert, Leroy Dowd, Fritz Drake, James Sheridan, S. Moore and one other whose name was not learned.

CALL LANSING TO DISCUSS MEXICAN SITUATION TODAY

Senate Committee to Call Secretary of State For Conference Before Action Is Taken to Sever Relations.

Washington, Dec. 4.—Secretary Lansing will be called before the senate foreign relations committee before action is taken on the resolution of Senator Paul, Republican, New Mexico, requesting President Wilson to sever diplomatic relations with Mexico, the committee hopes to have the secretary before it late today.

Decision to call Mr. Lansing for a discussion of the Mexican question was reached by the committee after a two hour session behind closed doors.

Senator Hitchcock introduced a substitute resolution in the committee, which, besides authorizing the President to break diplomatic relations with Mexico, would pledge support of congress to him in any subsequent action he might decide upon.

RATIFIES SUFFRAGE

Pierre, S. D., Dec. 4.—Ratification of the federal woman suffrage resolution was completed by the South Dakota legislature when the senate passed the measure early today. The lower house acted on the resolution Wednesday. South Dakota is the twenty-first state to ratify the amendment.

FIRE OF UNKNOWN ORIGIN IS CAUSE OF HEAVY LOSS

WANT COAL RULE APPLIED TO ALL STATES OF UNION

Chicago Kicks on Rationing Plan and Wants Curtailment to Apply to New England Too.

Washington, Dec. 4.—Complaints of the lack of uniformity in the local application of coal rationing orders brought up by Fuel Administrator Garfield's appeal to the country, reached fuel headquarters today from several sections of the western states and cities, particularly Chicago, where insisting that the same drastic regulations apply in the New England and eastern states as are effective in the central region.

Production reports were viewed as encouraging both in official circles and among operators' representatives meeting here to consider the policy that the employers should adopt in coping with the coal miners' strike. It was said semi-officially that an upward tendency had been noted during the last two days. The operators expected this to be accentuated when the notices have been posted on the doors of the mines, as decided upon under Dr. Garfield's suggestion of a 14 per cent increase.

MINERS GRANTED INCREASE ABOVE GOVT.'S 14 PCT.

Increase Amounts to 81 and 97 Cents to Machine and Pick Miners But Varies In All Fields.

Washington, Dec. 4.—An increase in miners' wages described as greater than the 14 per cent suggested by Dr. Garfield was agreed upon today by the scale committee of the operators' in the central competitive field. The committee's announcement, said it had been decided to advance the rates paid for mining coal to pick and machine miners 11 cents, in the "thin vein" districts. This, it was said, would result in giving the machine miners a rate of about 81 cents per ton, and the pick miners a rate of about 97.4 cents, though it necessarily would vary in all fields.

LAFFERTY DEED IS SET ASIDE

Court of Appeals Affirms Decision of Common Pleas Judge. Fulton In Famous Deed Case.

The court of appeals has announced a decision in the case of Francis R. Lafferty vs. Mary Frances Phalen affirming Judge Fulton's decision. The plaintiff brought the suit to set aside a deed executed by him to the defendant for the conveyance of a certain farm belonging to the plaintiff, valued at \$10,000, when it was claimed that the plaintiff was confined in Mt. Carmel Hospital, Columbus, Ohio, and was mentally incapacitated. The court of appeals held that the plaintiff is entitled to have the deed set aside and entered the same judgment as was entered in the common pleas court by Judge Fulton, canceling the deed.

Just as the courthouse clock struck twelve last night fire broke out on the lower floor of the Long department store in West Main street, which caused a loss of approximately \$108,000, gutted the Rider block, destroyed the I. O. O. F. hall and club rooms in the building, caused almost an entire loss from water of the Schaus grocery on the lower floor. It completely ruined the McFarland barber shop, caused the entire loss of the stock of the Long department store estimated by Mr. Long at from \$25,000 to \$30,000, left nothing but the walls of the Bolton building standing and burned out what was known as the old Music Hall, which was completely filled with stock of the Long store. It ruined a new stock of paper in the basement of the Newark Wall paper store, valued at \$2,500, damaged some stock of the O. S. Gilbert music store in a back room and in the basement, completely ruined the furnishings of eight apartments in the Odd Fellows block adjoining the Rider block and caused a loss estimated at \$5,000 to the building owned by the Odd Fellows.

Frank Moranetti, proprietor of the shoe repairing shop under the Schaus grocery, and who also carried a stock of candy, cigars and tobacco, suffered a loss of several hundred dollars from damage by water. His tools and a quantity of leather goods were slightly damaged.

Republican headquarters also suffered a slight loss in the damage to equipment and fixtures in the rooms above the Schaus grocery on the second floor of the Rider block.

The United Commercial travelers and several other trade organizations met in the Odd Fellows hall and will suffer a loss of records, banners and paraphernalia.

A general alarm called out all the fire apparatus of the city but before the water was turned through the hose, two strings of which were first switched into the long hall in West Main street leading to the Long store proper, the flames had gained much headway. The fire was believed to have started near the entrance to the Long store proper, at the end of what was formerly the hall leading to the old Music Hall. Firemen believe the fire to have been caused by spontaneous combustion or defective wiring as it is said there was no fire in the stores in the Long store.

Just after the firemen started throwing water the fire broke through the wooden walls of the building adjoining the Advocate office in the rear of the Newark Wall Paper store and shot up an area way or court, it seeming like a fiery furnace. An opening from the office of the business manager of the Advocate on the second floor over looked the court but it was protected by metal frames and wire glass windows, which with the fire wall saved the Advocate office from damage as the flames raged along the west wall of the Newark building adjoining. When the fire broke through the Advocate first reached the manager's office the flames were cracking against the glass but it withstood the heat and water thrown against it by the firemen.

The fire had been raging for over an hour a line of hose was carried up the fire escape back of the Criss Brothers place and men on the roof of the court wing of the Advocate fought the flames until almost daylight, many young men volunteered for the purpose.

Chief Bausch of the fire department had succeeded in having thirteen strings of hose laid and was doing the best possible with his limited number of fire fighters. There were quite a few volunteers and they proved of valuable assistance working in the cold with the spraying water freezing almost as fast as it fell. The men fought all around the block in the fire district.

After the fire had raged a couple of hours it finally caught in the cornice of the west wall of the Rider block, then the roof and in a short time it was seen that the building was doomed. Mr. Schaus with assistance succeeded in carrying out quite a few things, which he handled in connection with his grocery, but no staple goods were removed. McFarland the barber carried out a couple of chairs and some barber tools, but his fixtures including three pool tables, mirrors, etc., remained in the room while tons of water dripped through.

The fire was not got under control until after daylight and the east was was sound a little after 10 o'clock this morning.

The Newark Telephone company suffered a slight loss when about 30 feet of cable strung along the alley back of Main street was burned off. The attendant Guy Watkins with a rubber men were repairing it before daylight and it was again in working order before 10 o'clock this morning, all lines being cut in.

Mrs. Mary Webb reading in moments adjoining the Advocate made coffee during the night when she served the fire fighters by her. Mrs. Gene Wallace and Miss Omer. Through the kindness of Geo. M. Penberg of the Auditor a half bushel basket of (Continued on Page 4)

Two views of Truman H. Newberry, winner over Henry Ford in the Michigan senatorial election by a majority of about 7,000, has been indicted by a federal grand jury in Grand Rapids charged with having attempted to secure votes by fraud. Newberry was secretary of the navy a short time during the Roosevelt administration, and was commander of the Third naval division, U. S. A., during the late war.

FIRE

(Continued From Page 1)
wishes was sent the fire fighters to
gether with a big load can full of hot
coffee. The Advocate also furnished
sandwiches and coffee while Lee Ham-
berger brought over a couple boxes of
cigars.
The firemen today expressed their ap-
preciation for the kindness shown them
throughout the night.

POWERS-MILLER FIRE
16 YEARS AGO, DEC. 6

Saturday is the 16th anniversary of
Powers-Miller fire, a blaze which re-
sulted in the practical destruction of the
department store by that name which
was located where the Stewart Brothers

& Alward Co. is now located. It was
one of the most spectacular fires as
well as one of the most destructive in
the history of the department. This fire
was recalled many times by Newark
people who lived here at that time.

MUSIC HALL SUFFERS
FROM JINX; SECOND FIRE

The Music Hall, which was practi-
cally destroyed by last night's fire, has
long suffered from a jinx. Its destruc-
tion by fire is the second to take place.
Fire which originated in the ceiling of
the hall Feb. 5, 1912 almost destroyed
the building. When it was first erected
more than a quarter of a century ago,
it was used once as a theater and then
condemned as unsafe. It was remodel-
ed and reopened as a theater and used
for several years.

When Paul Bowser first used it as
a gymnasium and wrestling arena, the
crowds became so large that the state
fire marshal caused it to be condemned
because of the seating arrangement and
Bowser transferred his matches to the
Auditorium theater, though he was per-
mitted to use the place as a gymnasium.
Today it is a mass of ruins the roof
and second floor having fallen into the
first floor.

ALARM FROM EAST
END CALLS MEN AWAY

While firemen were fighting the
big blaze, an alarm came in from the
East Newark district box and the
East Newark truck was sent to the
Johnson grocery. A smoking stove
caused the room to fill with smoke.
A passerby thought the place was
afire and sent in an alarm. There was
no loss.

MT. OLIVE ENCAMPMENT
MEETS IN BAND ROOM

Mount Olive Encampment, I. O. O.
F., made homeless by last night's fire,
will meet this evening in the Buckeye
Band room over the Bargain Shoe
store in South Park Place.
The encampment will come to some
decision as to its future place of meet-
ing and announcement will be made
later as to the conclusions reached.

New South Wales is said to contain
more kinds of flowering plants than
all Europe.

Coffee pots can be sweetened by boil-
ing wood ashes in water in them.

NEW AGREEMENT MAY
END BALKAN FUSS

London, Dec. 4.—An agreement which
is hoped will solve the Adriatic ques-
tion has been prepared in Paris by the
American, French and British repre-
sentatives for submission to Italian ac-
cording to private dispatches today.
Frank L. Polk, under-secretary of State
and Premier Clemenceau are declared
already to have signed the agreement.

It is understood Great Britain is pre-
pared to sign upon which the agree-
ment will be handed over to the Italian
plenipotentiary in Paris. The nature
of the proposals is not stated but they
are said to have been framed with a
view to satisfying the Italian people.

VILLA'S CAPTURE IS
NOT YET CONFIRMED

Jurez, Mexico, Dec. 4.—Mexican offi-
cials here today were still without con-
firmation of the reported capture of
Francisco Villa by members of his band
who are said to be holding him for
ransom. Both civil and military offi-
cials were striving for confirmation
through every available channel.
The report of the capture came in a
despatch from a telegraph operator at
Parral to P. W. Caballero, superintendent
of the National Railways of Mexi-
co for Chihuahua.

CONNEAUT SUFFERS
FROM \$200,000 BLAZE

Conneaut, Dec. 4.—Damage to the
amount of \$200,000 was caused by fire
which destroyed the Stanley block here
early this morning. The three-story
building was totally destroyed, while
stocks of two large stores which oc-
cupied the first floors were a complete
loss.

Calls sent to nearby towns for help
in fighting the flames brought the
Ashtabula department with one engine
company, making the 15 mile run in
20 minutes.

Four members of the Conneaut de-
partment were temporarily overcome
by smoke.

It is believed the fire started from
an explosion in the gas furnace below
the H. E. Kurtz jewelry store on the
first floor and quickly spread to the
Leader Department store adjoining.

Office furniture on the second floor
and lodge rooms and equipment on the
third floor were destroyed.

The Leader Department store loss is
estimated at \$60,000 and Kurtz' stock
of jewelry is scattered among the
ruins with police posted to prevent
theft. The loss to building and stock
is said to be covered by insurance.

JURY FIXES DAMAGE
IN ACCIDENT CASE

In common pleas court in the case
of Harry B. Groat vs. Chas. Kerr, a
suit for damages caused by a collision
between an automobile and a motor
cycle, the jurors found in favor of
Kerr, and assessed his damages at \$50.
Groat has filed a motion for a new
trial. Groat claimed damages to his
motor cycle and for personal injuries,
and Kerr claimed injuries to his
person and to his automobile.

GHOST WAS PEDDLER
WHO JUMPED IN CHIMNEY

New York, Dec. 4.—Occupants of a
Ridge street tenement house were al-
most correct when they reported to the
police that the groans of a "ghost" had
been annoying them for two days. De-
tectives, aided by firemen, dug a hole
in a chimney on the house and ex-
tracted David Cohen, a push-cart sel-
ler who informed them that business
being bad, he had decided to end his
life by jumping down the five-story
chimney Monday morning. He was
taken to a hospital suffering chiefly
from hunger and exhaustion.

State of Ohio, Insurance Department, Co-
lumbus, September 28, 1919.—I, W. H.
Tomlinson, Superintendent of Insurance
of the State of Ohio, do hereby certify
that the

General Fire Assurance Company,
located at Paris, in the Republic of
France, has complied in all respects with
the laws of this State applicable to it
and is authorized during the current year
to transact in this State on the capital
stock plan its appropriate business of in-
surance as specified in its license. Its
condition and business, on the thirty-first
day of December of the year next prece-
ding the date hereof, is shown by its re-
turn, required by law, to be as follows:
Aggregate amount of available assets, \$1-
422,917.61; aggregate amount of liabilities
(except capital), including re-insurance
reserve, \$903,531.10; net assets, \$519,386.51;
surplus, \$519,386.51; amount of income for
the year in cash, \$934,666.48; amount of
expenditures for the year in cash, \$747,
452.58.

In witness whereof, I have hereunto
subscribed my name and caused my offi-
cial seal to be affixed, the day and year
first above written.
[Seal] W. H. Tomlinson, Supt. of Ins.

State of Ohio, Insurance Department, Co-
lumbus, September 28, 1919.—I, W. H.
Tomlinson, Superintendent of Insurance
of the State of Ohio, do hereby certify
that the

Engle, Star and British Dominions
Insurance Company,
located at London, England, Kingdom of
Great Britain, has complied in all respects
with the laws of this State applicable to
it and is authorized during the current
year to transact in this State on the cap-
ital stock plan its appropriate business of
insurance as specified in its license. Its
condition and business, on the thirty-first
day of December of the year next prece-
ding the date hereof, is shown by its re-
turn, required by law, to be as fol-
lows: Aggregate amount of available as-
sets, \$1,500,526.30; aggregate amount of
liabilities (except capital), including re-
insurance reserve, \$887,750.82; net assets,
\$612,775.47; surplus, \$612,775.47; amount of
income for the year in cash, \$1,245,846.03;
amount of expenditures for the year in
cash, \$893,374.26.

In witness whereof, I have hereunto
subscribed my name and caused my offi-
cial seal to be affixed, the day and year
first above written.
[Seal] W. H. Tomlinson, Supt. of Ins.

HUNS GIVE UP WORKS OF ART

World-Famous Paintings Stolen From
Belgium Returned as Stipulation
of Peace Treaty.

By the terms of the peace treaty
Belgium and Ghent will respectively
recover priceless works of art, one of
which was supposed to have been de-
stroyed after the Germans entered
Louvain, while the other has long been
incomplete because two important
parts of it were in the Kaiser Friedrich
museum, Berlin. The Louvain paint-
ing is the work of Dierick Bouts, a
"Last Supper," which has been de-
scribed as "certainly one of the finest
examples of Flemish fifteenth century
art" and was painted for the collegiate
church of St. Pierre. The painting had
come down the centuries as the chief
adornment of the church, and disap-
peared after the German occupation.
It was believed to have been destroyed,
but is now known to have been re-
moved and preserved by the invaders,
and its return is one of the stipulations
of the peace treaty. The other famous
painting, "The Adoration of the Lamb,"
has been called "the first and greatest
masterpiece of fifteenth century paint-
ing produced in Flanders." It was
begun by Hubert van Eyck, but con-
tinued and finished by Jan van Eyck.
Time had separated the parts of the
painting and at present the central
panel remains in the chapel of St.
Bavon in Ghent, another part is in
Brussels, and yet another in Berlin.
Brussels will probably return her part
of the composition, and Germany is to
give back the portions that have been
in her possession, so that the painting
as a whole will once more be assem-
bled in the chapel for which it was
painted.

HOUSING IN GREAT BRITAIN

Problem Bids Fair to Be Successfully
Worked Out Through Fair and
United Effort.

In connection with the problem of
reconstruction in the united kingdom
various housing schemes are con-
templated. Variety in the model dwell-
ings to be erected has been encour-
aged by the enterprise of the London
Daily Mail, which offered prizes
amounting to \$10,000 for "designs best
and most suitable in themselves and
most nearly in line with the architec-
tural traditions of the several dis-
tricts."

The country was divided into four
areas—the northern, midland and
Welsh industrial areas, and the south-
ern and midland counties rural area.
With a prize of \$2,500 in each section.
Over 3,500 designs were submitted. In
the winning designs the need for econ-
omy in all cases was apparent.

In addition to these new model
homes, a demand has arisen for fur-
niture especially suitable for them, the
construction of which would be of the
simplest, combined with the required
rigidity and strength. A successful at-
tempt to meet this need has been made
by the Shoreditch Technical Institute
(London), at which cottage furniture,
designed in the carpentry shops of the
institute and executed by the boys at
the school, has been on exhibition.

Beat Huns at Their Own Game.

The most hateful chapter of the
work of science in war was the in-
troduction of chemical warfare. The
first gas attack, on April 22, 1915, and
the five others that followed within
little more than a month, found the
allies unprepared, and it was not un-
til September that they were able in
any way to retaliate. But the im-
mediate reply was one that did honor to
science. Due to the splendid work of
the late Colonel Harrison a system of
defense by gas masks was established,
in which the allies were for the greater
part of the war far ahead of their ad-
versaries, who only succeeded in com-
ing up to them by learning and copy-
ing our methods. It was impossible to
estimate what would have been the
destruction caused by toxic gases but
for these defensive measures.

Pie-Bald Truth.

Mr. Jones keeps pigeons, and Mr.
Brown, next door, tries to keep pigeons.
Mr. Brown is constantly losing birds,
while Mr. Jones is as constantly sus-
pected of finding them. The other
morning Mr. Brown, with a smile and
a dime approached the youthful son
and heir of Mr. Jones.

"Willie," began Brown, holding up
the coin, "did daddy find a bird yester-
day?"

Willie nodded.

"And was it a blue bird with some
white feathers in its wing?"

"Dunno," responded Willie, pocket-
ing the dime. "You can't tell their
color when they're in a pie!"

Sight-Seeing From the Air.

To view the scenic wonder of the
west from the air, escaping the rough
trails and rocky barriers that often
screen the rarest vistas—that is the
prospect offered to tourists who make
Salt Lake City their "going-in" point
for sight-seeing trips, says Popular
Mechanics. Five specially designed
airplanes have been prepared for the
work of carrying travelers to, and
over, the beauty spots of the region,
some hitherto inaccessible.

Concert by Telephone.

hour's concert over the telephone. Pa-
ling department store, wishing to call
attention to its music machine rec-
ords, is increasing sales by giving an
hour's concert over the telephone. Pa-
trons wishing to enjoy the new-
est records called the store's music de-
partment at the appointed time and
"listened in."

Stuffy with Cold

RELIEF WITHOUT QUININE

Don't stay stuffy-up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all gripe misery.

The very first dose opens your clogged-up nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, no quinine.

OIL AND GAS NOTES

The Standard Oil company at Shreveport, La., yesterday posted an increase of 25 cents per barrel on all grades of Louisiana oil, making the prices in the various fields as follows: Caddo light, \$2.50; Caddo heavy fuel, \$1; Homer, \$2.50; DeSoto, \$2.40, and Red River, \$2.

LOCATE SECOND WELL.

The Carter Oil company has located a second well on the Meyers farm near Mt. Pleasant.

START NEW WELL.

A new well is being drilled on the J. E. Martin farm near the McDonald well. The McDonald farm is near Perryton.

LESSONS IN OPTOMETRY BY O. P. COOK

LESSON NINE.
Explain again just what the effects of eye strain are in most cases. The effects vary with the extent of the strain, and the extent of the strain depends to a considerable extent upon the amount of the error of vision. Most people who suffer from persistent eye strain experience a variety of annoying symptoms. Do glasses correct these conditions? Yes, almost at once in many cases. Would people be wise to earn the condition of their eyes, even though they have no reason to suspect that they are abnormal? Yes, because only by an examination can the condition of the eyes be learned and in many cases a hidden defect may be handicapping a person greatly. Then in some cases eye defects may be present without the knowledge of the patient? Yes, in many cases a person grows to adult age without learning the condition of the eyes.

LET "DANDERINE"

BEAUTIFY HAIR

Girls! Have a mass of long,
thick, gleamy hair

Let "Danderine" save your hair and double its beauty. You can have lots of long, thick, strong, lustrous hair. Don't let it stay lifeless, thin, scraggly or fading. Bring back its color, vigor and vitality. Get a 35-cent bottle of delightful "Danderine" at any drug store. Counter to freshen your scalp; check dandruff and falling hair. Your hair needs this stimulating tonic, then its life, color, brightness and abundance will return—Hurry!—Adv.

GAS IN THE STOMACH IS DANGEROUS

Recommends Daily Use of Magnesia to
Overcome Troubles Caused by Fer-
menting Food and Acid
Indigestion.

Gas and wind in the stomach accom-
panied by that full, bloated feeling after
eating are almost certain evidence of
the presence of excessive hydrochloric
acid in the stomach, creating so-called
"acid indigestion."

Acid stomachs are dangerous because
too much acid irritates the delicate
lining of the stomach, often leading to
gastritis accompanied by serious stom-
ach ulcers. Food ferments and
sours, creating the distressing gas
which distends the stomach and ham-
pers the normal functions of the vital
internal organs, often affecting the
heart.

It is the worst of folly to neglect
such a serious condition or to treat
with ordinary digestive aids which have
no neutralizing effect on the stomach
acids. Instead get from any druggist a
few ounces of Bisulphate of Magnesia
and take a teaspoonful in a quarter glass
of water right after eating. This will
drive the gas, wind and bloated right out
of the body, sweeten the stomach, neu-
tralize the excess acid and prevent its
formation and there is no sourness or
pain. Bisulphate of Magnesia (in powder
or tablet form—never liquid or milk) is
harmless to the stomach, inexpensive
to take and the best form of magnesia
for stomach purposes. It is used by
thousands of people who enjoy their
meals with no more fear of indigestion.

READY TO FIGHT LIFE'S BATTLES

The men and women who win
life's battles are physically and men-
tally right. They take care of them-
selves and make sure that their
blood is charged with life-giving iron
and their nerves fed with phos-
phates.

The foremost doctors all over the
world are depending more and more
on iron and phosphates to rebuild
run-down, overworked men and
women, old before their time.

They claim that the healthy,
strong, successful men and happy,
rosy-cheeked women always have
an abundance of Phosphated Iron in
their blood; that it is the secret of
good health.

Every man and woman can be
made strong, keen, healthy and alert,
enjoying life's pleasures, if they will
renew their blood with iron and
phosphates.

Phosphated Iron makes new, rich,
red blood, strengthens the nerves,
and often increases the strength and
vitality of its users 100 per cent.
Thousands of men and women "cal-
in" and worn out have experienced
a most astonishing increase of
strength and endurance in a very
short time by simply taking Phos-
phated Iron.

Phosphated Iron is put up in cap-
sules or tablets. Do not take inferior
pills or capsules. Ask for Phosphated
Iron Capsules. For sale by
Evans' drug store and leading drug
stores everywhere.

FORGET YOUR RHEUMATISM

Don't suffer when you can get
"Neutrone Prescription 99."

Rheumatism, one of the most com-
mon ailments, is one of the hardest
to cure, because of its being a blood
disease. Any remedy to be effective
must purify the blood and kidneys,
common sense teaches you this.
That is why "Neutrone Prescrip-
tion 99" is so successful, it is a
combination of blood purifying
agents prepared from the prescrip-
tions of a specialist.

It relieves those sore, inflamed
joints and muscles. "It puts out the
fire." It does all these things, re-
stores your health, makes you happy
and free from pain.

Go to your druggist today and get
a bottle, then say, good-bye, Rheu-
matism. 50c and \$1.00 the bottle.
For sale by
Evans' drug store and leading drug
stores everywhere.

COMMON WITCHHAZEL FINE FOR SORE EYES

It is surprising how quickly eye in-
flammation is helped by common witch-
hazel, camphor, hydatis, etc., as mixed
in Lavoptik eye wash. One elderly
lady, who had been troubled with
chronic eye inflammation for many
years, was greatly helped in two days.
We guarantee a small bottle of Lavop-
tik to help any CASE, even the most
or inflamed eyes. Aluminum eye cup
FREE. R. P. Collins. (Adv.)

AMUSEMENTS

AUDITORIUM

The Auditorium this evening, as given
over to Paul Rover and his wonderful
match and tomorrow the big musical
comedy, "Maytime" with a big Uni-
versal special picture for Saturday
called "Lasca" taken from the poem of
the same name. Frank Mayo is the
star and he has able support. Edith
Roberts is one of the big stars of
the screen and in "Lasca" she is
seen in the title role. She loved him
with a jealous passion. A brave little
girl was Lasca and she sacrificed her
life for love. The story is really
well worth while and is seen Saturday
only together with The Pathe News.

This Actress is Versatile.
To portray a maiden of 1840, a ma-
tron of 1855, a widow of 1880 and, fi-
nally, a dashing debutante of the present
day—this is the best of versatility that
Yra Jeanne is called upon to meet in
the leading feminine role of "Maytime,"
which comes to the Auditorium theater,
Friday night, December 5th.

"Maytime" is a distinctively different
type of theatrical offering. It is a
drama the highlights of which are
crowned by songs that logically develop
the action. The story, opening in the
crinoline period of the early decades
of the last century, carries through
three generations down to the busy
times of the present day. It tells a tale
of inherited affections whereby grand-
children realize the happiness a shat-
tered romance denied their ancestors.
In the leading role, which calls for
prime dramatic talents as well as
prime dramatic talent, Miss Jeanne
progresses before the audience from a
maiden of seventeen to a widow of
seventy and, in the final scene, appears
as the granddaughter of the character
she impersonated at the curtain's rise.
Seats are now selling.

The Miracle Man.
A superb, dramatic Paramount-Art-
craft feature, "The Miracle Man," which
will be on view at the Auditorium the-
ater next Sunday and the day fol-
lowing is declared to be one of the really
great screen dramas of recent years.
It was written by Frank L. Packard
and produced as a stage play by George
M. Cohan and packed the Broadway
theater in the season of 1917, when it
it played for many months. The screen
version is said to be even more absorb-
ing, thrilling in its development of the
striding story, which shows the mar-
velous transformation under the beneficent
influence of an ennobling environment
of four of the most notorious crooks of
New York's underworld.

ALHAMBRA.
"Bonds of Love."
Pauline Frederick, now playing the
Alhambra in a Paramount feature, is
associated with the house of Goldwyn
and Saturday in the first of her new Gold-
wyn pictures, "Bonds of Love," a super
production. Suppose that death called
your wife at the zenith of your happi-
ness. Then suppose another woman
—a second wife—entered your life
while the fond memories of your first
love haunted you and distracted. Sup-
pose again the relatives with whom
you live hate the second wife till you
begin to hate yourself.

Continue to suppose that the little
son whom you believe your own is
suspected of being the boy of another;
that the shrine of your first wife
crashes to splinters.

And suppose that this second wife,
to save the name of the boy and the
honor of his mother, cast the suspi-
cion upon herself. What would you do
in this crisis; in this supreme show-
down? Pauline Frederick was never
more magnificent than in this absorb-
ing drama of mother love.

"Resurrection."
Pauline Frederick was heartily wel-
comed by the patrons of the Alhambra
theater in her new Paramount photo-
play, "Resurrection," which was shown
at that playhouse yesterday. The pic-
ture is based upon the famous novel
of Count Leo Tolstoy, and like the
story, it is a merciless arraignment of
Russian social and political conditions
that shamed Russia before the over-
throw of that autocratic government.
The last showings are seen tonight.

"The Peace of Roaring River."
Though Pauline Frederick has been
seen in many Goldwyn pictures as a
lady of luxury, the mistress of many
servants, and the owner of jewels and
cars and finery, when she comes to
the Alhambra theater on next Sunday,
picture-lovers will have a chance to see
her in the role of a plain young woman
who makes her own way in the world.

In her part in "The Peace of Roar-
ing River," she descends a mountain
side and flags a train in order to get a
doctor to come and dress her fiancé's
gunshot wounds.

While scrambling down the cliff, Miss
Frederick was badly scratched by the
underbrush and sharp rocks. Her
clothing was torn from her and when
she reached the bottom of the ravine,
the scene had to be stopped and the
first-aid kit used. A quick scouting
trip was made for apparel so she could
return to the cabin. The amusing part
of the incident was when the Goldwyn
star emerged from the screen of bushes,
clad in the director's coat, the property
man's overalls, and a great sweater be-
longing to the assistant director.

LYRIC.
Plenty of pleasant things are being
said about the Hawke's Bonbons musical
comedy company appearing at the Lyric
this week, and large crowds are attend-
ing the performances. The crowd that
usually hangs last evening, on account
of the change in the bill. The company
continues here during the remainder of
the week.

GRAND.
Mad Murray.
Mae Murray, all by herself, is the
double attraction at the Grand theater
today and Friday. That is, she is the
double attraction in "The Twin Pawns,"
the Pathe feature wherein she is cast in
the dual role of twin sisters. There are,
however, no double exposures, as the
sisters at no time appear on the screen
together.

Leonore Perret, whose previous latest
big feature production for Pathe was
"The Thirteenth Chair," produced and
acted and adapted "The Twin Pawns,"
"Wilkie Collins' famous novel, "The Wo-
man in White," furnished the founda-
tion for the story, which has been
brought up to date and placed in an
American setting.

Billy West in "Haunted Hearts" and
Kinograms are the added features on
the program.

GEM.
Two of them are noblemen and the
other one an American society man.
Betty Morton, the charming society
girl with a huge fortune, likes their
flattery, but her wise-old uncle and
his friend, Potter, the banker, distrust
the three women and determine upon
a plan to find out just how long they
will remain Betty's guests when it is
announced that her uncle has com-
mitted suicide because of the loss of
his money.

TELLS OTHERS HOW TONIC CORRECTED HIS INDIGESTION

Ohio Man Endorses Remedy That
Restored His Flesh and Strength
After Long Illness

"I want others to know what an
excellent tonic Dr. Williams' Pink
Pills are," says Mr. John H. Bell, of
No. 21 West Corry street, Cincinnati,
Ohio, "for the remedy not only ended
my suffering but built me up."

"For months I had suffered from
severe stomach pains which seemed to
be growing worse all the time. I had
little appetite and what I ate seemed
to stay in my stomach and cause dis-
tress for hours after. My sleep was
broken and unrefreshing and there was a
constant dull ache near my heart.
There were also sharp, shooting pains
in my back."

"One day a friend, learning of my
trouble, advised me to try Dr. Wil-
liams' Pink Pills. He spoke so highly
of the remedy that I began the treat-
ment. In a short time there was a
noticeable improvement in my condi-
tion. Gradually the stomach pains
became less severe until I could eat a
hearty meal without distress. As my
blood improved the pains around my
heart and in my back disappeared. I
owe my health to Dr. Williams' Pink
Pills."

Your own druggist can supply you
with Dr. Williams' Pink Pills or they
will be sent by mail, postpaid, on re-
ceipt of price, 50 cents per box; six
boxes for \$2.50 by the Dr. Williams
Medicine Co., Schenectady, N. Y.
Write for free diet book.

The Miracle Man
From the play by
GEORGE M. COHAN
Based on the story by
FRANK L. RICE

The best of life and the worst—in
a story so great it couldn't be told
in words. From the reek of New
York's underworld to a sleepy New
England village, come four crooks,
prowling for "Easy Pickings." The
"Dope," a weasel of Chinatown;
the "Pro," a counterfeit cripple;
Tom Burke, a "Confidence King,"
and red-lipped Rose, as fair of form
as her heart is black.

Their intended prey—a simple old
man and the "boobs" who think he
can heal them by faith—
Then the miracle! Not such a mir-
acle after all when you know the
human heart.

BREAKING UP HOMES.

One of the effects of high prices is to break up many homes. The report comes from all over the country, that many families are giving up house-keeping on this account. They go to live in small flats or one or two rooms. That means that in many cases parents have to give the care of children to others.

Where the little ones are handed over to their own relatives, results are not always so bad. Many young people living in towns and cities, finding themselves unable to keep up with the pace, are sending children out to the old folks in the country. Such youngsters will at least get a healthful bringing up.

Others who are "farmed out" for so much a week, may or may not get such good care. Even if they have all the substantial of life, they may miss the affection that their expanding natures need. There is a certain stimulating power in parental love, and it is hard to believe that those who lack it can develop as well.

In large cities a great deal is being done through day nurseries to care for young children whose parents must keep regular hours of employment. Any community having a considerable number of families where both parents are wage earners, should provide some such institutions for care of children. In small towns women with a gift for such work could carry on this function in their homes. Fortunately there is little need of this sort of work here.

The tendency to close up home life is not promising for the future of social institutions. It emphasizes again how very serious this cost of living problem is. It is the great overshadowing question of the times. It must be the country's first business to solve it.

The American people are assured that after plenty of sugar has been provided for candy and soft drinks, what is left will be generously handed over to the housewives to preserve the nation's food supply.

It may be thought that the American people have reduced production by cutting down their working hours, but they are confident of ability to make up the deficiency by talking more.

So far no sympathy has been expressed for people whose property depreciates because they and a lot of other folks have sent money out of town.

An enterprising hair mattress maker should be able to acquire considerable material cheap in the fall barber shop where the Reds are confined.

Now the coal strikers will be kicking because prices of a lot of things have got to go up to pay for stoppages caused by their strike.

There are some folks who would like to go back to the relative peace and quiet that prevailed while the country was at war.

The increased number of divorces suggests that a large number of couples sign the matrimonial treaty with reservations.

You don't hear the merchants that advertise making complaint of the failure of the public to buy early.

Some of the girls who married uniforms are now getting themselves divorced from overalls.

A lot of people believe in arbitrating their differences provided they can be the arbitrators.

PURSUIT OF DEBTORS.

It is an interesting question how far retail trade should be permitted to go in pursuit of slow pay people and deadbeats. Some collection agencies adopt methods for harrying them that come close to being illegal under the older form of law. A tendency is on servable for states to enact more drastic legislation. For instance, Minnesota and perhaps other states as well, has a law under which account can be offered for sale under certain conditions. Publishing names of debtors must tend to bring many delinquents to terms.

A great many people who come in the slow pay class are perfectly able to pay. Their failure to do so is often due to careless neglect, not to any intention to defraud. The community is justified in using pretty extreme measures against this class of people. They should be made to realize that they are pursuing a course detrimental to the community, and they should be forced to form better habits.

Also the class of deadbeats who move around from place to place, dodging bills everywhere they go are a burden on the entire community, and no law is apt to be too severe for them.

The difficulty with enforcing stringency laws against slow debtors, comes with the poor but honest people who simply can't make ends meet and are always behind. It does seem hard to expose their miserable condition to publicity.

It would seem a good principle to enact drastic laws against those who run up bad debts as a whole, but to make the application of those laws in the particular case depend upon the permission of some public authority. This authority should be generous to honest people who have had misfortune and protect them from publicity. But the roving deadbeat, and careless people who are able to pay but won't, should be given the limit of the law.

It is said that many government employees, dissatisfied with the low salaries paid, are leaving their jobs. They should thoughtfully reflect that now they will have to go to work.

These are times when you can hardly pass along the street carrying a bottle of distilled water for your automobile batteries, without attracting the envious curiosity of the thirsty.

One of these days the greasy Mexicans will find out that Americans do not go down to that country for the express purpose of serving as door-mats and cuspidors.

A lot of people will observe Thrift Week, January 17-24, by beginning to save money to buy an automobile next spring.

The coal miners and operators will be considerably assisted in keeping warm this winter by the cussing of the public.

Now if the Reds will keep right on hunger striking, they will meet with universal approval.

A lot of the High Cost of living is simply the High Cost of Loafing.

TRYING TO ENLIST NEGROES.

(Chattanooga Times.)

The department of justice at Washington of a conspiracy, obviously organized by the bolshevists and anarchists of the country in aid of their consanguineous revolt. American institutions, comes in time to save the colored people from a situation that would bring them nothing but woe and misery. That there is a conspiracy is proven by the systematic publication of inflammatory literature in a series of negro publications, all designed to create race feeling and to irritate the whites into taking violent action against negroes generally. The criminality proves the utter wickedness of the "red" propagandists, but it likewise demonstrates their capacity for the work they have set before themselves. They do not know the character of the vast majority of the negroes, because their appeal will affect only the lawless and the ignorant elements who will do the "dirty" work.

Some people are deeply afflicted on the side of law and order and firmly grounded in patriotism and loyalty to the government. Whenever, therefore, these pernicious publications and hateful circulars and letters appear, we may know that the enemies of the government are at work in an effort to accomplish their evil purpose by sacrificing the negro as a part of their program. Fortunately the southern people, at any rate, understand the colored man and they know that such a propaganda cannot get very far, and in the end will simply aid in furthering out the disorders and the ignorant and vicious elements—the elements that are at the root of all the racial clashes that have been experienced in this section. The activity of the government agencies in Arkansas in bringing the conspirators and the fomenters of discord and race hatred to justice, will quite speedily and all hopes of the "reds" may have had its effect. The more he gives himself to industry, to the observance of law and the maintenance of good order the nearer will be his approach to the realization of his hopes for a better life for himself and his family. He has learned that violence and crime only make his condition worse, and he is likely to turn against the men who have been trying to seduce him from his allegiance to the government and the flag as his worst and cruellest enemy.

Lenine and Trotsky are fighting hard, but ever, being encouraged by the good news from America—Washington Post.

Getting work out of an I. W. W. is like trying to coax milk from a cow by a telegraph pole—Albion Standard.

THE NEWARK DAILY ADVOCATE

Things themselves touch not the soul, not in the least degree; nor have they admission to the soul, nor can they turn or move the soul—Marcus Aurelius Antoninus.

Imperfect.

In the Garden of Eden there was a pair.

And an apple, so I've heard tell:

The apple was picked with the greatest care.

But the pair—alas, it fell.

Children Are Naturally Truthful.

Aunt Callie says—Miz Judge Howell gives a terrible nice exception for her niece which is a visit, and it were about the stylishest party I was ever at.

Whist! we were standing around a talking Mrs. Loud Talker come in abringing her cousin which has just wrote a book.

So Miz Howells brag up her niece's little girl says she, "Miss Money," says she, "Little Janey wants to shake the hand of a real live author," she says.

Did You Know?

That there are two kinds of teak-wood, Indian and African? The trees which produce them belong to very different orders. Indian teak is found in the mountainous parts of Malabar. It has been planted in some parts of Ceylon, but it takes a tree from sixty to eighty years to grow to a large size. African teak is sometimes called African oak.

Strikes.

This striking fever, I'm afraid.

The girls are sure to catch.

'Twill not surprise me if each maid

Now tries to strike a match.

XVI.—Keitha Rebels.

At the end of a week, Keitha rebelled. It had been a week of glittering excitement, of dinners, and suppers, and dances and theaters right through the hot sultry nights to a red alert dawn, when New York's million tongues of traffic and bustle, and hurrying humanity began to clamor like a Tower Babel. Sleep was impossible and Keitha tossed restlessly through the morning hours in the warm darkened room. At noon she would rise listlessly and seek refreshment in a cool shower. She turned to the round of pleasures devised by Bennett and his brother officers and their wives and sweethearts, with utter weariness of soul.

At the end of the week she made her decision and proceeded to carry it out with outward bravado and inward trepidation. She was packing in the midst of a swirl of fingerings when Bennett swung into the sitting room one evening before dinner.

"It was a heastly ride out to Mills even in the Colonel's Packard," he began. "Glad, I'm thirsty, let's have—"

"What are you doing?" returned Keitha with feigned indifference, intent upon stuffing the sleeve of a film of her handkerchief into her pocket.

There was a moment's silence, then Captain Bennett asked quickly:

"When were you contemplating leaving?"

"I have forgotten that Pennington is giving a dinner in our honor Wednesday night?"

Keitha shook her head.

"I've decided, but I'm going to log off," he entertained us so many times—he surely won't object to our cancelling this engagement. Lester, I must get home. She cried suddenly.

"Some people are deeply afflicted on the side of law and order and firmly grounded in patriotism and loyalty to the government."

Whenever, therefore, these pernicious publications and hateful circulars and letters appear, we may know that the enemies of the government are at work in an effort to accomplish their evil purpose by sacrificing the negro as a part of their program.

Fortunately the southern people, at any rate, understand the colored man and they know that such a propaganda cannot get very far, and in the end will simply aid in furthering out the disorders and the ignorant and vicious elements—the elements that are at the root of all the racial clashes that have been experienced in this section.

A HORRIBLE SIGHT WAS CANKER SORES ON MAN'S MOUTH

His Lips, Tongue and Throat also Infected. Doctors Ordered All His Teeth Pulled.

This Did No Good but He Declared After 7 Doses of Dreo the Sores Began to Heal and now there's Not a Sign of One.

"One month ago I know I was a horrible sight with these canker sores on my lips, in my mouth and throat and on my tongue, but today I have a sign of one anywhere. I am the words of Mr. Harry Lambert of New Lebanon, O. Mr. Lambert is a Bible student and devout member of the New Born Church.

"I had used many mouth washes for six months and didn't get any better, finally my doctor had me go to my dentist and pull all my teeth out, but that didn't help any. I bought a bottle of Dreo and when I had taken only seven doses, the sores began to heal. I kept on taking Dreo and every day I could see improvement. My bowels began to act regular. My stomach seemed to be strengthened and my food digested better, giving off no gas, nor causing any pain. I could see that I was putting on flesh and feeling better all the time.

"I have taken four bottles of Dreo and am as sound as a dollar today. Have gained eight pounds; gotten rid of the sores; my bowels are regulated and I have a strong stomach. To say I am happy does not express it and my Doctor is astonished at what Dreo did for me."

When the stomach gets out of order and the bowels become clogged, any number of things may happen, such as the above. Get your stomach in first class order by taking a few bottles of Dreo and see how your troubles will be overcome.

SAYS ONLY ONE SURE WAY TO END PILES FOREVER

Internal Treatment Gives Absolute Relief from All Pain and Suffering. Has Never Failed to Effect a Cure. Guaranteed.

Many people have become despondent because they have been led to believe that their case was hopeless and that there was no remedy for their case.

Go to your drugist and get an original bottle of Miro Pile Remedy, the discovery of a clever Ohio chemist, that taken internally, passes unchanged through the stomach and intestines, and thus reaches the source of the trouble where, by its soothing, healing and antiseptic action, it first allays and then by direct contact with the ulcers and piles causes them to heal and disappear forever.

It's positively marvelous how speedily it acts. Blessed relief often comes in two or three days, even in cases that have resisted all previously known treatments. Really wonderful results have been accomplished. It is one of the wonderful discoveries of recent years and anyone who is disappointed with its use can have their money refunded.

All pharmacists dispense Miro or can get it for you on short notice. Surely it is worth the little trouble to obtain to be rid of piles forever.

IMPORTANT—What is known as taking piles are not piles in the true sense of the word, although this medicine may accompany a true case of piles. For this condition Miro Pile Ointment has been prepared as in such case it is not necessary to take the internal prescription.—Adv.

HAVE STRONG NERVES AND VIGOROUS BODY

Evans Triple Phosphates Create Energy, Ambition and Perseverance in Weak, Run Down Nervous People.

Don't grow old before your time, don't let nervousness wreck your happiness or chances in life. The man or woman with strong, steady nerves is always full of vigor, energy, ambition and confidence.

You can have forceful nerves, firm step, new courage and keen mind by putting your nerves in first class shape with Evans Triple Phosphates.

Take a regular dose in a wine glass of plain water before meals and at bed time for one week. You will then feel the perfect, athletic feel: strong, vigorous and full of priceless ambition.

You'll look on life and on your regular duties with a feeling altogether different after a few days and you will be taking all kinds of medicine for stomach, liver and bowel troubles will find as they become strong and more keen minded that these troubles pass away.

All good pharmacists dispense Evans Triple Phosphates in the original bottle. Evans' Cut-Rate Drug Store keeps it on hand all the time and says the demand is increasing every day.—Adv.

Secretary Lane hits the nail on the head. Ignorance and arrogance are arch-enemies of democracy. And the two evils are closely related.—Springfield Republican.

The coal miners are launching a torpedo against another Lusitania.—Baltimore American.

Says His Prescription Has Powerful Influence Over Rheumatism

Discoverer Tells Druggists Not to Take a Cent of Anyone's Money Unless Allergic Completely Banishes All Rheumatic Pains and Twinges.

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid, deposits have been dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. T. J. Evans, drug store has been appointed agent for Allen's in this vicinity with the understanding that he will freely return the purchase money to all who state they received no benefit.

After reading President Wilson's latest utterances on the industrial situation, Mr. Gompers must be impressed that the President has recovered from his "nervous exhaustion."—Kansas City Journal.

Twenty-Five Years Ago

(From Advocate, Dec. 4, 1894.)

The annual meeting of the stockholders of the Newark Ice and Cold Storage company was held at the Walden Hotel Wednesday night.

A B. and O. engine bumped into a B. and O. passenger train and daimed the baggage car.

Joseph Miller was appointed by Governor McKimley as notary public.

The ladies of the W. C. T. U. will give a social at the home of Mrs. Keller in North Fourth street.

FIFTEEN YEARS AGO TODAY.

(From Advocate, Dec. 4, 1904.)

Miss Helen Crane entertained the members of the Alternate club Friday evening.

SOCIAL AFFAIRS

The missionary society of the Churches of Christ will meet in their regular monthly session Friday afternoon at the West Side Church of Christ.

The members of the Loyal Women's Bible class of Central Church of Christ were delightfully entertained at the home of Mrs. M. Davis Tuesday evening of this week. After the business session the following program:

Reading—Mrs. Elmer Hartman.
Reading—Mrs. A. B. Painter.
Song—by Mrs. Davis.
Reading—Mrs. G. L. Burrell.
Reading—Mrs. Wm. Keckley.
Delicious refreshments were served by the hostess.

The January meeting will be held at the home of Mrs. Elmer Hartman in Park Avenue.

About 65 friends and neighbors assembled at the home of Mr. and Mrs. Semen Gossell on Monday evening, Dec. 1st to help celebrate their 25th wedding anniversary. The guests came with well filled baskets, as the event was a surprise. Among those present from a distance were: Mrs. Eva Andrews of Lima, O., Mrs. Nettie Benjamin of Los Angeles, Cal., Mrs. Lida Roe, Mr. and Mrs. Harry Kleckler and sons James and Earl of near Newton Chapel.

A miscellaneous shower was held at the home of Mr. and Mrs. Caleb Betz on South Fifth street Tuesday evening, in honor of Mr. and Mrs. McClaren Dial. With Mrs. Caleb Betz and Mrs. Royal Dial as hostess, many valuable and useful articles were received. Luncheon was served. Those present were: Mr. and Mrs. Royal Dial and son Irvin, Mr. and Mrs. Caleb Betz and son Buster, Mr. and Mrs. Allie Clark and son, Mr. and Mrs. Charles Barr, Mr. and Mrs. Earl Rusk, Mr. and Mrs. Warren Wolf, Mrs. Sadie Lovell and daughter Edna and son George, Mrs. Lola Miller and son Harold, Mr. John Barr, Mr. Thompson, Mr. Charles Linn, Miss Frances Hayes, Mrs. Hazel Snelling, Mrs. Daisy Courson, Mrs. Perry Snelling, Mrs. Mast and daughter Violet, Ralph Miller, Arthur Barr, Charlie Swick, Rose Barr, Bessie Barr, Hazel Tubill, Mrs. Deulah Flinn and Mrs. Senebaugh. The out of town guests were the grandparents of the bride groom Mr. and Mrs. Edward Heagren of Gumbier.

Miss Anne Murphy delightfully entertained the members of the G. A. E. club at her home in South Sixth street Tuesday evening. Euchre was the game and the souvenirs were awarded Miss Hazel Kirk for points and Miss Lucille Callahan for lone hands. A delicious two course luncheon was served.

The Whistever Circle of The King's Daughters will be entertained at the home of Mrs. E. M. East in 17 South Buena Vista street Monday evening, December 8, at 7:30 o'clock.

An interesting meeting was held at the Neal Avenue M. E. church Tuesday evening led by Mrs. P. E. Kemper. During the evening refreshments were served by Mrs. Kemper.

Gordon Kinney, son of Mr. and Mrs. Walter Kinney celebrated his fourth birthday anniversary Wednesday afternoon at his home in the Orpheum building. The afternoon was spent in games and luncheon was served at a table centered with birthday cake, to the following: Misses Frances Perry, Elizabeth Hall, Mary and Virginia Reel, Masters Russell and Billy Perry, Mrs. A. L. Thomas, Mrs. Earl Hall, Mrs. William Perry and Mrs. Stella Stack.

The Woman's Home and Foreign Missionary Society of the Second Presbyterian church will meet at the home of Mrs. Rose Emerson in 106 Hudson avenue, Friday afternoon at 2:30 o'clock.

Cass-Southard.
The marriage of Miss Lillian Anita Southard and Mr. Ralph A. Cass, was solemnized at the parsonage of the First M. E. church Wednesday evening at 7:30 o'clock.

They were unattended and Dr. L. C. Sparks, pastor, read the ring service. The bride is the daughter of Mr. and Mrs. E. A. Southard of 553 Central avenue, and was a vicarante during the war, serving in Washington. Mr. Cass is an employee of the W. H. Masey company.

GOSHEN.

A series of meetings will be held at Mt. Pleasant Dec. 26. They will be conducted by Rev. Mr. Stout and a gospel team from Denison.

Mr. and Mrs. C. P. Mizer and sons Russell and Raymond, spent Thanksgiving with Mr. Mizer's parents, Mr. and Mrs. Allen Mizer of Bladenburg, J. W. DeCesna, assistant principal of Toronto high school, spent Thanksgiving vacation at the home of his parents, Mr. and Mrs. A. DeCesna.

Mr. and Mrs. Ross Van Winkle of Newark spent Sunday at the home of her grandparents, Mr. and Mrs. G. W. Chapin.

Charles Van Winkle, Allen Cessna, J. W. Moran and Mr. and Mrs. Carroll Varner were in Newark Monday to attend the Porterfield and VanWinkle trial.

EMMA PROBABLY WILL LEAVE NEXT

Emma Goldman in action.

The department of labor at Washington has ordered the deportation of Emma Goldman, anarchist and radical who came to the United States from Russia in 1885. Miss Goldman pictures Russia under Lenin as heaven on earth, but she says she will fight deportation to that country to the last ditch.

OBITUARY

Leonard E. Montgomery.
Leonard Earl Montgomery, aged 38 years, died this morning at 10 o'clock at the home of his father, James L. Montgomery, 85 Allen street, of complications. He was born in this city and went west for his health about 15 years ago. He returned here a few months ago from his home in Bisbee, Arizona.

Surviving are his wife, father and step mother, one sister and two brothers: Mrs. Roy Taylor of Cleveland, who was here at the time of his death; William H. Montgomery of Toledo and Hershel J. Bisbee, Arizona. Funeral arrangements have not been made.

Mrs. James Catton.
The funeral of Mrs. James Catton was held this afternoon at 1:30 in the home of her son in Nineteenth street. Rev. John Shepherd officiated and burial was made in Cedar Hill cemetery.

Isaac Morrison.
Funeral services for Isaac Morrison, who died Tuesday morning, will be held Friday in the Brownsville M. P. church. The cortege will leave the home in Madison Heights at 10:30 a. m. Burial will be made in Brownsville cemetery.

Douglas S. Drumm.
Funeral services for Douglass S. Drumm, who died Tuesday night, were held this afternoon at 2 o'clock in the East Main Street M. E. church. Rev. P. E. Kemper officiated and burial was made in Cedar Hill cemetery.

James D. Foster.
Funeral services for James D. Foster, who died Tuesday evening, will be held Friday afternoon at 2 o'clock in the home, 61 East Church street. Rev. G. B. Schmitt will officiate and burial will be made in Cedar Hill cemetery.

John G. Minor.
Funeral services for John G. Minor who died Monday afternoon at his home in Hebron, will be held Friday afternoon at 2 o'clock in the home in Hebron. Rev. Mr. Carter will officiate and burial will be made in Hebron cemetery.

PERSONAL

Miss Betty Wieland has returned to her home in East Main street after a visit with friends in Akron.

Miss Nettie M. Bone of the Myer & Lindorf company is ill at her home in North Fifth street.

Charles Strickland was removed from his home in Arlington avenue to the City Hospital Wednesday in the Bradway ambulance.

Miss Winifred Davis of the Meyer & Lindorf company is confined to her home in Granville with illness.

Miss Evelyn Russell is spending her vacation in Chattanooga and other Tennessee cities.

Miss Elizabeth Leonard of West Church street left last night to spend a few days in New York city, with Mrs. Hirsch.

Few will be specially interested in the report that the moon is inhabited. Some of us appear little enough interested in the well-known fact that the rest of the world is inhabited.—Milwaukee Journal.

THE COURTS

Marriage Licenses.

Ralph Warren Cass, a clerk, and Miss Lillian Annette Southard, both of this city. Rev. L. C. Sparks to officiate.
Levi C. Runkle, sergeant in U. S. army, Columbus, and Miss Blanch B. Mitchell of this city. Rev. Benjamin R. Weid to officiate.

Docket is Called.

Judge T. B. Fulton called the docket on Thursday morning for the purpose of making an equity assignment.

Cases Are Settled.

Judgments of settlement and dismissal were entered in the following cases: Charles A. Thompson vs. Ora A. Thompson, Marie Harris vs. Walter Harris, Carl R. McFadden vs. E. T. Algeo, administrator; Charles J. Van Rhoden, et al. vs. Ella Myers, et al., and Edward Shaw vs. Lewis Neibling, et al.

Tree Trunks Made Cisterns.

The gigantic baobab tree of central Africa, the trunk of which sometimes attains a diameter of forty feet, often serves as a natural cistern, retaining rain-water in large quantities in a cavity formed at the top of the broad trunk. Taking the hint thus afforded by nature, the Arabs artificially hollow out the huge baobabs and fill them with water during the prevalence of rains, as a provision against the dry season. These cisterns are in many cases twenty feet in height and eight or ten feet in diameter.

Brought Down to Date.

"Man wants but little here below, nor wants that little long" is what they sang some years ago—but it's now another song. The words we use are different quite, though fully as sublime. "Man wants everything in sight, and wants it all the time."

Honor Not All Gutenberg's.

Printing is said to have been introduced to the world Aug. 14, 1437. John Gutenberg stands at the head of the early typographers, supported by the genius of Schoeffer and the generous patronage of Faust. Gutenberg used only blocks, and to Schoeffer is due the movable type cast from matrices. Caxton, who introduced the art into England, began life as a trader, but learned printing at Cologne. The first printed book on record is "The Psalter," which John Faust and Schoeffer published at Metz in 1457.

Big Man in His Day.

Goliath, the Philistine giant, must have caused a lot of trouble for the army quartermasters of his day. How did they get a regulation uniform to fit him, for he stood eleven feet three inches in his stocking feet; if, indeed, Philistines of those times wore stockings.—Boston Post.

Got Him Guessing.

"I got my troubles," replied the new waiter. "When men have a friendly scrap about paying the check I can spot the right man to hand it to every time. But with women I make all kinds of fool mistakes."—Louisville Courier-Journal.

Consider the Centipede.

It is a mistake to suppose that all centipedes have a hundred legs. The name is misleading. The most common variety usually have 34, but there are other species with as many as 100 or 200 legs.

"Carpet-Bagger."

It is said that the term "carpet-bagger" was first applied to political adventurers in America. It was designed to describe a needy political adventurer who wanders over the country pandering to the prejudices of the ignorant in order to try to get into office. He was so called because he was regarded as having only enough property to fill a carpet bag.

A pivoted lever attachment makes it possible for one man to operate a two-man cross cut saw.

Ancestors of Sheep.

All the present breeds of sheep are probably descended from the Mountain Sheep of the Alps. The other leading wild breeds are the Argali of central Asia, and the Bighorn of the Rocky mountains in America; but it is doubtful if any domesticated varieties have been evolved from these. All the recently opened countries have been stocked from Europe, and nearly all from English breeds, with the exception of the Spanish merino.

The Potato.

In its native country, on the mountains of Chile and Peru, writes Jean Henri Fabre, in Field, Forest and Farm, the potato in its wild state is a poor diminutive tuber about as large as a hazelnut. Man takes the worthless wild stock into his garden, plants it in rich soil, tends it, waters it; and behold, from year to year the potato thrives more and more, gaining in size and in nutritive properties, and finally becomes a farinaceous tuber as large as your two fists.

Old Stuff.

Beauty Answers

By MADAME MARRE

MINNIE—The great secret of making hair grow is the development of the vigor of hair roots. Mere stimulation of the scalp is not enough. It is the lack of realization of this fact which is the cause of so much failure in the treatment of the hair. The hair roots may be developed to a very remarkable degree by using the proper methods. As a root-developer nothing can equal the use of beta-quinol. This can be secured at any drug store for 50 cents, in one-ounce packages. When mixed with a half pint of bay rum and a half pint of water the developer is ready to use. It is not oily, and when used liberally gives all the results which anyone could wish. By developing the roots, the growth is forced. It becomes thick, vigorous and silky, and grows all out, and instead of shrunken, sick hairs which fall out readily on combing we have strong hair, held firmly in the scalp, thus putting an end to hair falling.

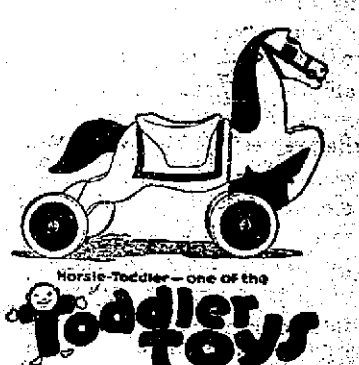

MRS. A. T. F.—The skin can be brought back to its original plumpness and vigor by the following formula. An astonishing result is the quick disappearance of wrinkles, little and big, crown's feet, and lines of age. It is simple and can be prepared in a few moments, by adding to half a pint of water one tablespoonful of glycerine and two ounces of alcohol obtained from your druggist for 50 cents. This takes years from your appearance, and is always sure and positive of success if you will apply it liberally, every day.

MAY B. T.—As to head-wash, I advise a mild soap or the deasy shampoo sold because of the astringents they contain. This dries up hair-secrections. Get eggol at the drug store and dissolve a teaspoonful of it in half a cup of water. You can get enough eggol for twenty-five cents for a dozen or more head-washes. It is made in Germany, and is a wonderful hair grower.

TOYS--EDUCATE CHILDREN

OUT of the play toys of childhood, have come many of the world's greatest creations. The instinct of playing, in a child, is a God-given asset—the means by which the youthful mind develops power to think along original lines.

The lad with his set of cars and the girl with her doll ne'er cease to think out new ways and means of using the thing with which to play.

Dandruff Surely Destroys The Hair

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't. It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

HAVE COLOR IN CHEEKS
Be Better Looking—Take Olive Tablets

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days, you must keep your body free from poisonous wastes. Dr. Edwards' Olive Tablets (a vegetable compound mixed with olive oil) act on the liver and bowels like calomel—yet have no dangerous after effect. Take one nightly and note results. They start the bile and overcome constipation. That's why millions of boxes are sold annually, 19c and 25c.

Baby Coughs
require treatment with a remedy that contains no opiates. Piso's is mild but effective; pleasant to take. Ask your druggist for

PISO'S

Antiseptic treatment of the digestive organs is a newly discovered health necessity—as vitally important as tooth and mouth antiseptics. Partola mint candies, in addition to being a delicious and effective laxative, help to sterilize and disinfect the whole digestive system. They are more than a laxative—they are a systemic antiseptic. Yet they cost no more than ordinary laxatives. Try Partola today—"The Doctor in Candy Form"—and note their purifying and invigorating effect. They are good for young and old. At all druggists, 25c, 50c and \$1.00 boxes. Trial size, 10c.

DR. SEASHOLES
KILLED BY AUTO

Salem Pastor, Graduate of Denison, and Who Spoke Often in The Baptist Church Is Victim.

(Special to Advocate.)
Granville, Dec. 4.—W. P. Ullman received a telegram Wednesday evening, notifying him of the death yesterday afternoon of his brother-in-law, Dr. C. L. Seasholes, pastor of the First Baptist church at Salem. So far as could be learned from a long distance talk Dr. Seasholes was walking on the street in Salem when he was struck by an automobile, and thrown violently against a telephone pole. The impact was terrific and he died shortly afterward without having regained consciousness. The tragic news was broken to his daughter, Miss Margaret Ullman, and his son, Craig, both students in Denison, and both were at once taken to their aunt, Mrs. Ullman, and they left this morning for their home.

Dr. Seasholes was graduated from Denison in 1889, and for years has been recognized as one of the most popular and forceful orators on the lecture platform as well as in the pulpit. He is well known in Granville where for three months following Dr. Baldwin's retirement, he supplied the pulpit of the Granville Baptist church. He was affiliated with Phi Gamma Delta fraternity while in college and kept in touch with Granville and Denison affairs through his two children, and frequent visits to his relatives. He is survived by his wife, formerly Miss Grace Lyon, who was graduated from Denison in his class; two sons, Lyon, a teacher in Philadelphia, and Craig, a sophomore in Denison, and three daughters, Miss Lois, now teaching in New York, Miss Margaret, a senior in Denison, and Grace, aged nine years. Plans for the funeral could not be completed until the arrival in Salem of the elder son, Lyon, from Philadelphia.

One of the most delightful of the Denison Conservatory recitals was the song recital given by Mrs. Mary Reck and Fitch, soprano, Wednesday evening, assisted by Charles L. Hutzler, bass, of Chicago, and Howard Bennett, accompanist, before a large and most appreciative audience of students and townspeople. The pleasure of the audience was the program and in the three artists was evidenced by the insistence of the applause which was graciously recognized. Mrs. Fitch's program was a varied and well chosen one. Mr. Hutzler also made an instantaneous hit with his audience, although he sang only in four duets with Mrs. Fitch. Mr. Bennett, at the piano, revealed the rare gift of sympathy as well as the technical brilliancy required in the exacting accompaniments.

Prof. F. G. Detweiler, business manager of the Denison conservatory, assistant business manager of the Festival association, and Mrs. Detweiler, with Fanny Farrar, head of the piano department in Denison Conservatory, entertained a company composed of members of the faculty, and of the executive committee of the Festival association Wednesday evening in the conservatory parlors, following the concert in Recital hall. About 30 were present with their congratulations to the artists of the evening. Dainty refreshments were passed by Mrs. Detweiler and Miss Farrar, and the singers were induced to sing two or three numbers they had declined to repeat on the stage. Mr. Hutzler will remain in Granville until tomorrow.

Dr. Samuel T. Orton, formerly of Philadelphia, was in Granville Tuesday visiting his cousin, Mrs. John Orton, enroute for Iowa City, Wis., where he already has moved his family. (Mrs. Orton was formerly Miss Mary Fellett of Columbus.) Dr. Orton has taken position as head of the hospital and medical department in the University of Iowa.

Mrs. H. H. Bawden, who has been visiting in Washington, D. C., for the past few months, has returned to Granville and is at the home of Mrs. C. F. R. in Burg street.

Mr. and Mrs. S. P. Trezise have returned from a visit at the home of their daughter, Mrs. Effie T. Christy in Akron.

SUMMIT STATION.

The high wind Saturday took part of the roof off the house of Ed Winters. The roof house was also damaged. William Winters is ill.

Mr. and Mrs. M. G. Reem are ill. Miss Clara Partridge of Sabatha, Kansas, brought her uncle, Louis J. James, to his home in Mink street, Sunday afternoon.

Mrs. Louis Claybaugh of Logan county, who was called to Newark by the serious illness of her sister, Mrs. James Catton of Newark, spent Monday at this place.

C. W. Bell and family of Columbus spent Thanksgiving day with Mrs. Bell's parents, Mr. and Mrs. J. S. Axline.

Frank Strait and family of Franklin county spent Thanksgiving with Mr. and Mrs. J. D. Holcomb.

Lester Fulk, who took his family to Tennessee some time ago, for the benefit of Mrs. Fulk's health, returned home last Saturday.

Announcement is made by Mr. and Mrs. W. B. Morrison of the birth of a son last Tuesday.

Mrs. S. B. Besse spent Friday with friends in Columbus.

J. W. Boner and daughter Elsie of Onville visited at the home of S. B. Besse, Tuesday.

The revival meetings now in progress at the Methodist church will continue over Sunday. A gospel team of young men from the Ohio State will have charge this week-end, beginning on Friday night and remaining Saturday and all day Sunday. They come from the Y. M. C. A. and their program contemplates a hike or ball game or some such feature Saturday morning.

Three people who took a machine from the garage of C. F. Hillays last Wednesday night could not get it unlocked so they abandoned it.

BROWNSVILLE

Roy Meallick and sister of Richmond, Indiana, are visiting their aunt, Mrs. James Uffner.

Mr. and Mrs. William Kreager spent Thanksgiving with their daughter, Mrs. Aaron Turner of Nashport.

Mr. and Mrs. Robert Hall and little grandson of Newark spent Saturday and Sunday with Mrs. Sarah Glass.

Mrs. George Rankin, who has been seriously ill for some time, is much improved.

Miss Dorothy Morton of Frankfort, spent the week-end with her parents, here.

Misses Pauline, Kreager and Alice Smith of Ohio State spent Thanksgiving at their homes.

Hoax—"Why are you walking with a limp?" "Joak—I have a boil on my foot." "Hoax—I thought a boil at ways came to a head."

WHAT to give for
CHRISTMAS

WHAT to give—that is the big problem confronting many of us at Christmas time. Extravagant and useless gifts are often forgotten. But a gift that will serve day after day—one that will be a constant reminder of the forethought and consideration displayed by

you—such a one is truly the ideal gift. And good furniture will do all of that. The suggestions illustrated below are but a few of the practical articles to be seen on our floors. An early visit to our store may help you to solve the gift problem.

Mrs. Emma Varner spent Sunday afternoon with Ethel Thompson.

O. E. Booth and H. W. Priest helped Nell McKee butcher Tuesday.

Lay a bet on
rolling 'em with

**PRINCE
ALBERT**
the national joy smoke

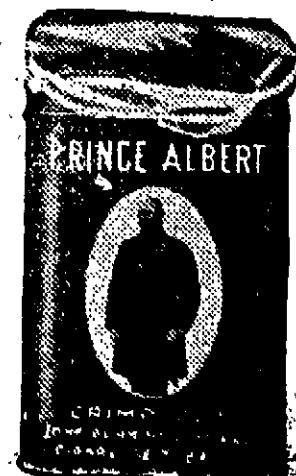

ROLLING your own cigarettes with Prince Albert is just about as joyous a sideline as you ever carried around in your grip! For, take it at any angle, you never got such quality, flavor, fragrance and coolness in a makin's cigarette in your life as every "P. A. home-made" will present you!

Prince Albert puts new smokenotions under your bonnet! It's so delightful rolled into a cigarette—and, so easy to roll! And, you just take to it like you been doing it since away back! You see, P. A. is crimp cut and a cinch to handle! It stays put—and you don't lose a lot when you start to hug the paper around the tobacco!

You'll like Prince Albert in a jimmy pipe as much as you do in a home-rolled cigarette, too! Bite and parch are cut out by our exclusive patented process. You know P. A. is the tobacco that has led three men to smoke pipes where one was smoked before. Yes sir, Prince Albert blazed the way. And, me-o-my, what a wad of smokesport will ripple your way every time you fill up!

Awaiting your say-so, you'll find top red bags, tidy red tins, handsome pound and half pound tin humidors—and that classy, practical pound crystal glass humidifier with sponge moisture top that keeps Prince Albert in such perfect condition!

R. J. Reynolds Tobacco Company
Winston-Salem, N. C.

NO "SHAKE UP" IN CASCARETS

You'll Not Be Sick, Upset and Sorry Next Day if You
Take "Cascarets" for Liver and Bowels

Cascarets never gripe sick or in convenience one like Salts. Oil, Colman's or harsh Pills. Feel better. Be efficient. Don't stay sick, bilious, headache, constipated. Remove the liver and bowel poison which is keeping your head dizzy, your tongue coated, your breath bad.

and stomach sour. Why not spend a few cents for a box of Cascarets and enjoy the nicest, gentlest laxative that you ever experienced? They don't shake you up and keep you in misery all day. They work while you sleep. Switch to gentle Cascarets.

Milady's Boudoir

To Achieve a Fair Skin.

We all of us know that an otherwise plain woman may become beautiful if she has a clear, lovely complexion, but a very pretty woman stands no chance to attain that distinction if her skin is thick, spotted and shallow. A clear skin can be obtained and no one need to be discouraged. Just try the following for a month and see if you do not obtain and improvement—a clearer skin.

First of all, you must never wash your face and hands in hard water. Always add a quarter of a teaspoon of powdered borax every time you wash your face, neck and chest. Borax is an antiseptic, it purifies and disinfects and fortifies one with the power to throw off infection.

Never stand over or near a hot fire, as nothing has more effect on the complexion than a dry heat. Always protect the face. Rub a bit of cold cream over the face before going out into the cold or wind. Rosy cheeks may be obtained easily by anyone who values fresh air and exercise. Open air is necessary to obtain that rosy tint which many envy. Rubbing the cheeks with a soft piece of silk brings a healthy glow to the face. It also prevents the face from assuming a haggard appearance and promotes a healthy plumpness of the cheeks.

Rub plenty of good cleansing cream into the face at night, wipe it off carefully with a piece of old soft linen and then rub it with a rotary motion with a piece of soft white silk. I would suggest using silk always for the face in place of a towel after washing it. Wash the face with warm water and then quickly pat on cold water and then pat again with a piece of silk.

Lure of the Feet.

The whole foot should be treated as an organism which has a mechanism as delicate, if not as complex, as that of the body to which it belongs. A healthy foot does not make itself known to the owner in any way. It is only when they begin to bother us that we realize that we have feet. The first and most important thing to do is to wash the feet daily. This does two things that are of great benefit to these members. It softens the skin, thus preventing calluses and it stimulates the circulation and opens the largest pores of the body for the excretions of the refuse of the blood.

Washing the feet in warm water, then suddenly plunging them into cold and rubbing them briskly immediately after with a rough towel, is found to be very beneficial by many. A nail brush used briskly across the toes and on the sole of the foot is effective in removing portions of cuticle which has a tendency to collect and form a calloused place that are apt to be the beginning of a corn or bunion.

A word to those who have a tendency to ingrowing nails is, that the nails be cut low and squarely across, not rounding, as we file the finger nails. Filing the toe nails is better than cutting them. If you are troubled with cold feet rub them briskly after the daily bath with a coarse towel. A sock of wool or part wool is advised to wear in the winter.

Those who have perspiring feet should take great care to give them their daily bath and a fresh change of hosiery. A little talcum powder should be dusted over them before stockings or shoes are put on.

Our Boys and Girls

Teach your child how to place her feet correctly from the first step. Then be most careful in the selection of her shoes. Allow the baby in long clothes to go barefooted, unless you note that her feet are inclined to be cold. In this case it is wise to cover her feet with little knitted socks.

Let the first shoes be on the order of an Indian moccasin, and as the foot grows, it should be fitted from tracings. Have the child stand upon a piece of paper and trace the outlines of her feet on the paper.

Use this as a guide when buying her shoes and you will never make the mistake of getting them too small or ill fitting. In winter provide high laced shoes as these can be adapted to the size of the foot better than buttoned ones. Never draw the shoe laces too tight as that will impair the circulation.

When out of school children should spend as much time as possible in the open air. They should also go to bed early in rooms provided with all the fresh air available and have refreshing baths followed by vigorous a rubdown with a rough towel.

That children are listless but not hungry, does not mean that they should go without food. The important point is the selection and attractive way of placing before the child the suitable foods. Observation recorded from hundreds of school children show the bad effects of poor food, while the same children properly fed, have made bodily advances four times greater than in their previous condition.

Quality and not quantity, in regard to food, is what a growing child should have. Milk, eggs if they agree with them, although in no case no more than one egg should be given a day, fresh fruits of all kinds, cereals and a small amount of fish and meat may be given to the child who is attending school. See that the food is properly masticated, chewed well so that it will mix with the saliva.

Everyday Etiquette

"Please tell me on which finger the engagement ring should be worn, and should it be worn on the same finger after marriage?" was Kate's query. "The engagement ring is worn on the left hand and on the third finger and is worn with the wedding ring on the same finger after marriage," said her married friend.

BOTTLE MEN WIN GOLFERS DITTO

Basketball Teams Play Interesting Games at Y Wednesday Night—Referee Announces New Ruling For Future Games

League Standing.	Won	Lost	Pct.
B. & O.	2	0	100%
Wheeler	1	1	50%
Heisey	1	1	50%
American Motor	1	1	50%
Burke Golf	1	1	50%
Holophane	0	2	0%
Midland	0	2	0%

Next Week's Games.
Tuesday—Heisey vs. Midland American Motor vs. B. & O. Wednesday—Holophane vs. American Bottle Wheeler vs. Burke Golf

The Holophane team again went down to defeat when it met the aggressive Golf men last night in the Industrial Basketball league. In the early part of the game the passing of both teams was about even but the glass men suffered hard luck when it came to dropping the ball in for a shot. Time after time the sphere would roll around the rim and miss goal. E. Keck for the Burke team got his eye on the basket and registered six field goals. Final score: Burke Golf 17, Holophane 5.

With the Saturday running enforced the Wheeler team was handicapped last night in their game with the American Bottle team. The loss of Harlow became apparent in the passing game in which Wheeler showed up in their first game. Nold couldn't get his stride and the rest of his team mates seemed lost. Hoffman's good basket shooting kept the glass men in the lead. Final score: American Bottle 14, Wheelers 9.

American Bottle Co. Nold, 11; Kuster, C. Mossman, r.f., Haynes, r.2; Hoffman, c.; Lundermuth, c. Myers, 1; 5; Langan, 1; Mossman, Elber, r.2; McCarty, r.2; Field goals—Huffman 3, Caga 2; Myers 2; Nold 1; Haynes 1; McCarty 1; Goals from foul—Nold 3. Referee—Mihor. Time—15 minutes. Following the games last night the referee in conference with the industrial secretary decided that hereafter a ball that "Loafs" on top of the basket ball backboard than drops in the basket shall not count. The ball in this case is out of bounds and if it goes through the basket it will be taken to center and tossed up. It will not be taken to center if it does not drop through the basket but shall be considered in play.

H. S. ALUMNI WILL PLAY HEISEY QUINTET

The Industrial basketball league has started a fever of basketball that will affect a good many of the old timers who used to cage the ball. A team of the high school alumni has come out from the riding and will play against the fast Heisey aggregation at the Y. M. C. A. Saturday night. The game is called for 8 o'clock with no preliminary. Probable lineup.

Alumni Heisey
"Arch" Davis, 11; Beard, 11; Emmens, r.f.; Ritten, r.f.; Simmons, c.; Olson, r.g.; Sturgeon, r.g.; Herzog, 1g.

COLONEL COPPER GETS PROMOTION FROM B. O.

Colonel E. P. Copper, for 13 years district passenger agent of the Baltimore and Ohio, with headquarters here, has been promoted to the position of special agent of the passenger department of the system. He has been with the company 47 years, working himself up from the bottom. This change was made in order to relieve Copper of many details. Under the new management he will have a much wider territory in which to take care of passenger business. His successor as district passenger agent is J. G. Strickenberg who came here yesterday from the Chicago office of the Baltimore and Ohio.

AMERICANIZATION CLASS ORGANIZED

A class in Americanization for the benefit of the foreigners of Newark will be organized next Tuesday evening, at 7 o'clock in the high school building providing a sufficient number enroll for the class. The board of education has agreed to maintain such a class without cost to those taking the work. The English language together with the principles of the American government will be taught. The citizens of Newark have been asked to co-operate in this movement to the extent of helping to interest the foreigners to enroll in this class.

C. A. JOHNSON LEASES NORTH END FILLING STATION.

Clarence A. Johnson closed contracts today for a period of five years for lease rights of the North End Filling Station formerly owned by Chas. H. Swank and is going to operate same under the name of Middle Joint Filling Station. Mr. C. A. Johnson will handle high grade gasoline and oils, tires and accessories, and most everything in the line of supplies for automobiles and motor trucks. Mr. C. A. Johnson who operates a grocery adjoining this same location is not a stranger to the public of the North End. As soon as he can get his grocery stock closed out, he is going to devote his entire time to this filling station. 12-4-1tx

Claude Meeker's Office.

Claude Meeker, the well known stock broker and dealer in investment securities, has opened an office in Newark at 80 1/2 North Park Place over Christian's tailoring establishment which adjacents the Park National Bank. After January 1st the offices will be extended to include the space now occupied by Justice Horton. Mr. Meeker's Newark office is in charge of H. L. Pierce and C. Fred Lytle.

Heat Bursts Gravel.

The bureau of standards has found that if the concrete is made with gravel, particularly siliceous gravel there is a tendency for the stones to burst in extreme heat, which disintegrates the concrete. Accordingly it is recommended that gravel be avoided wherever possible, but if impossible the gravel concrete may be protected from extreme heat by coating it with an inch of cement, held in place by a wire mesh. Plasters may also be used in which asbestos is the principal constituent.

To Start a Clock.

The stopping of a clock may be due to clogged wheels. Thoroughly saturate a piece of white cotton with kerosene oil and place it inside the clock case. Probably at the end of a week the cotton will be black with dust that has been loosened by the fumes of the oil and the clock will run as well as ever.

How to Tell Sapphires.

A really good sapphire should appear blue by artificial light as well as day light; some stones have a trace of black, and some red, the latter making them resemble amethyst, especially by lamplight, or gaslight.

Fish Live in Ice.

During several months of each year some of the great rivers of Siberia are frozen solid to the bottom, but the fishes imprisoned in the ice maintain their vitality and resume their active life when the ice melts in the spring.

About 95 percent of the motion pictures shown in New Zealand are American productions.

The car of the soap-box orator appears to be passing.—Providence Journal.

GET SLOAN'S FOR YOUR PAIN RELIEF

Just one trial convinces you Sloan's Liniment helps drive away rheumatic twinges

WHY endure pain when you know Sloan's Liniment will relieve it promptly? It couldn't remain the World's Liniment for 38 years if it wasn't highly beneficial in relieving rheumatic aches, stiff joints, sore muscles, lumbago, neuralgia, strains, bruises, exposure to weather results. Penetrates without rubbing, leaving no stained skin, clogged pores, mussiness. A pain and ache liniment that stands alone in doing what it is meant to do. Get a bottle today and keep it handy. All druggists. Three sizes—35c., 70c., \$1.40.

The Best Cough Syrup is Home-made.

Here's an easy way to save \$2. and
yet have the best cough remedy
you ever tried.

You've probably heard of this well-known plan of making cough syrup at home. But have you ever used it? When you do, you will understand why thousands of families, the world over, feel that they could hardly keep house without it. It's simple and cheap, but the way it takes hold of a cough will quickly earn it a permanent place in your home.

Into a pint bottle, pour 2½ ounces of Pinex; then add plain granulated sugar syrup to fill up the pint. Or, if desired, use clarified molasses, honey, or corn syrup instead of sugar syrup. Either way, it tastes good, never spoils, and gives you a full pint of better cough remedy than you could buy ready-made for three times its cost.

It is really wonderful how quickly this home-made remedy conquers a cough—usually in 24 hours or less. It seems to penetrate through every air passage, loosens a dry, hoarse or tight cough, lifts the phlegm, heals the membranes, and gives almost immediate relief. Splendid for throat tickle, hoarseness, croup, bronchitis and bronchial asthma.

Pinex is a highly concentrated compound of genuine Norway pine extract, and has been used for generations for throat and chest ailments.

To avoid disappointment ask your druggist for "2½ ounces of Pinex" with directions, and don't accept anything less than that. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

SUFFERED TEN YEARS FROM INDIGESTION

Trouble Gone, Appetite Strong,
and Eats Anything With-
out Distress.

"I had a case of catarrh and indigestion, of ten years standing. I had been treated by the best medical men in Michigan. When I commenced taking Milk Emulsion, I was in bed. I improved so fast that I kept the neighbors wondering. I am now up and working every day. My cough is gone. My appetite is great, and I can eat anything without hurting me."

—H. D. Loveless, Rockford, Mich.

Indigestion is seldom cured by "helping" the stomach digest food. Digestives, like physic pills, usually make slaves of the stomach and bowels.

Milk Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physic. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milk Emulsion is strongly recommended to those whose sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day. It produces remarkable results in colds, coughs and bronchial asthma.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children.

No matter how severe your case, you are urged to try Milk Emulsion under this guarantee—Take six bottles home with you, use it according to directions, and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milk Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

Guaranteed by W. A. Erman, T. J. Evans, West End Pharmacy.

COUNTY VISITORS HEAR REPORTS OF MEETING

The board of county visitors held a session Tuesday evening at the residence of O. C. Larason, West Locust street. Mr. Larason gave a brief account of the three days' meeting recently held in Cincinnati by the Ohio Welfare conference of which the visitors board is a part.

Mrs. Larason gave an interesting report of a joint session with the infirmity officials' section, Wednesday afternoon. Poor house has largely been displaced by the name county infirmity which in turn now is being superseded by a more pleasing and less objectionable name, county home.

Topics and addresses of the state meeting as well as more efficiency in local work were discussed by Rev. C. H. Stull, Mrs. J. G. Kreig, Mrs. Margaret M. Hall and Mrs. Elizabeth Connell. At the close of the session light refreshments were served by Mrs. Larason.

HEBRON

The Priscilla club was entertained at the home of Mrs. Mary Bowman on Wednesday.

Mrs. Bert Burch returned Sunday from a short visit with Coshocton friends.

Henry Lorenz and family attended the family reunion at Mr. Vernon Thanksgiving.

Mr. and Mrs. E. F. Kain were guests of Mr. and Mrs. Lester Wilkin at Newark on Thursday.

Mr. and Mrs. John Lemley are taking a ten days trip through Texas. Class No. 10 entertained their husbands at the home of Mrs. Laura Smith on Tuesday evening.

Mr. and Mrs. T. M. White were guests of Mr. and Mrs. James Belt at Columbus Thanksgiving.

Mr. and Mrs. Fred Hitt entertained their parents Mr. and Mrs. Norman Edgerly of Etta Sunday.

Misses Ruth Essex and Edna Voorhees spent the latter part of the week with Mr. and Mrs. Dean Clifton and Mrs. Lida Burch of Coshocton.

Mr. and Mrs. R. E. Root of Granville were guests of their parents Mr. and Mrs. Geo. Taylor on Thursday.

Bert Lemley and family and Mrs. Lewis Jennings of Columbus were Sunday guests of Mr. and Mrs. Jarrett Lemley.

N. G. Embrey and Mrs. Marshall Embrey spent Friday in Columbus.

Stanley Porter visited his mother the last of the week at the Zanesville Hospital where she is taking treatment.

Prof. Harry Atwood of Plattsburg spent the Thanksgiving vacation with his parents Mr. and Mrs. Amos Atwood.

Miss Grace Hoskinson and Miss Mary Clarke were doing practice teaching at Kirtersville schools during the week.

Mr. and Mrs. Brookover spent Tuesday at Columbus.

Mrs. Nellie Moffitt of Cambridge is visiting her mother Mrs. Lucy Ruby and sisters Mrs. Jennie Sloumby and Mrs. Mary Bowman.

Mrs. K. C. White entertained friends on Monday and Tuesday afternoon in honor of Mrs. D. P. Carlisle of Cincinnati.

Mr. and Mrs. Osborn spent the week end with their father Bert Osborn and family of Jersey.

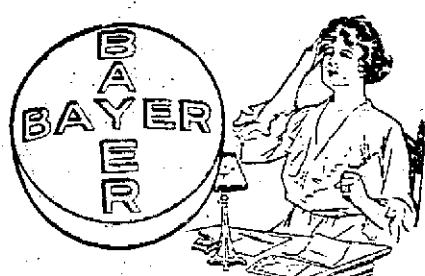

Leslie Swartz and family of Newark were guests of Mr. and Mrs. Isaac Woolard on Sunday.

Friends from Granville and Newark spent Thanksgiving with Mrs. Martha Gellispie.

Allen Balthis entertained on Thanksgiving evening a box party at the Auditorium in Newark the following

ASPIRIN FOR HEADACHE

Name "Bayer" is on Genuine
Aspirin—say Bayer

Insist on "Bayer Tablets of Aspirin" in a "Bayer package," containing proper directions for Headache, Colds, Pain, Neuralgia, Lumbago, and Rheumatism. Name "Bayer" means genuine Aspirin prescribed by physicians for nineteen years. Handy tin boxes of 12 tablets cost few cents. Aspirin is trade mark of Bayer Manufacture of Monoacetic-acidester of Salicylicacid.

friends: Messrs Harry Cooperider, Howard Carlisle, Roe Sharr, Joe Walters, Ralph Voorhes and Lefe Sunkle. Everett Tharp of Pickering was a guest of Mr. and Mrs. E. E. Swisher Tuesday.

Communion service will be held at the M. E. church Sunday morning.

Christmas Bazaar at the M. E. church, Saturday, December 13th. Chicken supper in the evening.

Masons from Newark, Pataskala, Granville and Reynoldsburg witnessed the work at the Masonic temple Tuesday evening.

HEISEYS WILL PLAY CAMBRIDGE SUNDAY

The Heisey Tigers will play Coshocton Sunday at Mountbalders park. This will be the last gridiron game to be seen this season in Newark.

Coshocton has made a wonderful showing this year and the Heisey boys will have to step right along if they want a decision as Coshocton has defeated such teams as Cambridge, Dover, Byesville, Canton Blue Tailors and tied Mt. Vernon. The team also has won one and lost one to the Heisey team.

The Heisey manager has requested all players to report at the usual place for practice Thursday evening at 7:00 o'clock.

TREMENDOUS TANK STEAMER. New York, Dec. 4.—Two tank steamships of 20,500 dead weight tons each, which will be the largest bulk oil carriers in the world, have been ordered by the Standard Oil company, it was made known here yesterday.

The tankers will cost approximately \$3,500,000 each and will have cargo capacity for 140,000 barrels of liquid fuel.

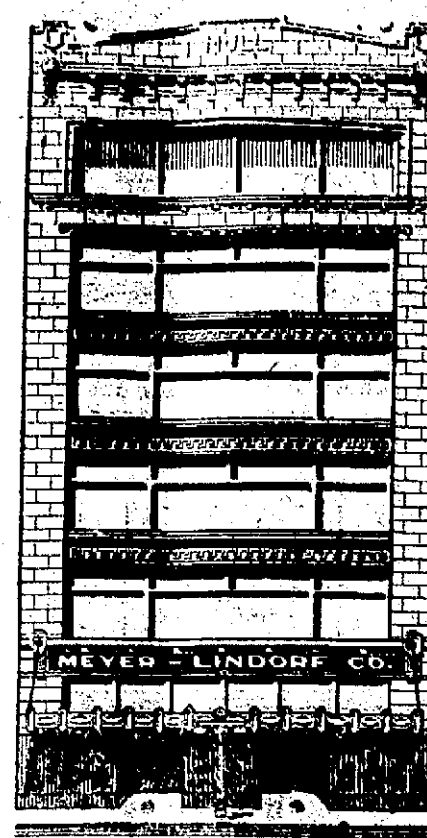

Many people have become despondent because they have been led to believe that there is no remedy that will reduce swollen veins and bunches.

If you will get a two-ounce original bottle of Moore's Emerald Oil (full strength) at any first class drug store and apply it at home as directed you will quickly notice an improvement which will continue until the veins and bunches are reduced to normal.

Moore's Emerald Oil is very concentrated and a bottle lasts a long time—that's why it is a most inexpensive treatment. It has brought much comfort to worried people all over the country and is one of the wonderful discoveries of recent years and always bear in mind that anyone who is disappointed with its use can have their money refunded. W. A. Erman can supply you.—Adv.

TELL YOUR FRIENDS ABOUT NICOTOL— THE ENEMY OF TOBACCO

It improves any man's health to quit tobacco if he can escape the awful craving that usually attends quitting without such assistance as Nicotol gives. Did you ever have Smoker's cough? Try Nicotol in getting rid of the tobacco habit and see how quickly the cough will disappear. Nicotol is dispensed by most good druggists in this city, especially by T. J. Evans.—Adv.
